## As a frontend developer

Churu, Rajasthan / India | +918440982031 | bhvrr2002@gmail.com | <https://www.linkedin.com/in/bhanwar-lal>

### SUMMARY\*

Motivated Front-End Developer with hands-on experience in HTML, CSS, SASS, Bootstrap, and jQuery. Developed responsive and user-friendly websites as part of academic projects and freelance work, showcasing a keen eye for design and attention to detail. Successfully implemented modern web design trends and best practices to enhance user experience. Currently advancing my skills in React to build dynamic and interactive applications.

### TECHNICAL SKILLS:

HTML5, CSS3, SAAS, Bootstrap v5.3, and jQuery, JavaScript, React, Responsive Web Design and Basic SEO

### PROFESSIONAL EXPERIENCE

#### Garg Web infotech Frontend developer

Alwar / Rajasthan  
April / 2024

As a Frontend Developer at Garg Web Infotech, I played a crucial role in designing and implementing responsive and user-friendly web interfaces. I collaborated closely with designers and backend developers to deliver high-quality websites and web applications

#### Project 1: Finance Website

- **Developed** a user-friendly finance website using HTML, CSS, and JavaScript, providing real-time financial data and resources.
- **Enhanced** user experience by implementing responsive design, ensuring accessibility across all devices and screen sizes.
- **Collaborated** with backend developers to integrate secure payment gateways, improving the site's functionality and user trust.
- **Improved** website performance by optimizing assets and implementing efficient code practices, reducing load times by 30%.

#### Project 2: School Website

- **Designed and implemented** a comprehensive school website, incorporating SASS for streamlined and scalable CSS management.
- **Led** the integration of an interactive student portal, allowing students and parents to access academic resources and information.

#### DIIT EDUCOME Frontend Developer

Alwar, Rajasthan  
Nov 2023 – 2024
